Closed
December 25th for
Christmas and
January 1st for New
Years

We will be open on
December 24th &
31st from
6am – 12 noon PST

End of Year Procedures

A frequent question we are asked this time of year is “What do I need to do for the end of the year?” The simple answer is Nothing! At the end of December, you should print whatever reports you normally print on a monthly basis. If you want to get some yearly financial reports, you can do it at this time also. Of course with Advantage you can go back and print 2009 reports at any time in the future as well. Again there is nothing special that needs to be done to for Advantage to close the year.

The first time you run Advantage in 2010, you will be prompted with a message indicating that the system year has changed and you should update client YTD purchase history. You should answer yes to this question. Doing so will recalculate the YTD purchase fields on the Client + window. This should take 5-10 minutes or less for most users and you will not be prompted again – until next year. That’s it! Now you are ready to go for 2010

Quote of the month: Here is the test to find whether your mission on earth is finished. If you're alive, it isn't. ~Richard Bach

Upcoming Trade Shows

It is the trade show season for VETECH Software. If you attending any of the following trade shows stop by and say “hi” to our staff. Remember the busy trade show floor is not the proper place for software training and software support.
